## Sprayable 3-H foodgrade grease

This product is a non-toxic spray lubricant designed for optimum lubrication and protection of seals, guides, bearings, blades, and other machinery operating in food & pharmaceutical environments where direct food contact is inevitable.

Foodmax Inor 3-H is designed for use on e.g. mixers, slicers, mincers, seals and where contact with food-stuff cannot be avoided. Foodmax Inor 3-H is suitable for use as a release agent on grills, ovens, loaf pans, boning benches, chopping boards and other hard surfaces that come in contact with food stuff to prevent the adherence during processing.

### Benefits:

- Packed in aerosol form, easy to apply
- Excellent EP properties
- Wide operating temperature range
- Good sealing properties
- Anti-wear performance prolongs component life
- Suitable for use as a multi-functional grease
- No allergen ingredients

e 400ml

## Typical Performance Data

| Property                        | Value     |
|---------------------------------|-----------|
| Colour                          | White     |
| 4-ball, weld load, kg           | 355       |
| Dropping point, °C              | None      |
| Operating temperature range, °C | -10 – 110 |

### How to use:

Foodmax Inor 3-H Spray should not be mixed with any other lubricant to avoid cross contamination. All traces of any previous lubricants should be removed prior to application. Use in a well-ventilated area.

This product contains no allergens, genetically modified ingredients and does not contain nut oil or nut oil derivatives.
