

FOODMAX GREASE SI 2

Product code: 263702501

Food grade silicone grease

Foodmax Grease SI 2 is part of a range of adherent silicone-based greases for the lubrication of valves and taps, available in different grades for several applications.

Foodmax Grease SI 2

- Designed to lubricate and seal upper ball joints of taps
- Excellent chemical-thermal resistance
- Contains PTFE
- Approved by Krupp Cranes for telescopic boom lubrication
- Approved by TZW Germany for direct contact with drinking water

Compatibility with elastomers

Foodmax Grease SI series are compatible with all standard elastomers (including EPDM), except for (partially) silicon-based elastomers.

Typical Performance Data

Typical	Test Method	Value
Colour		Translucent white
Thickener		Inorganic
Base oil type		Silicone
NLGI class		2
Penetration at 25°C, (ASTM D-217)		265~295
Dropping point, °C		None
Service temperatures, °C		-50 – 200
NSF Registration (H1)		160244
Kosher approval		Yes
Halal approval		Yes

All performance data on this Technical Data Sheet are indicative only and can vary during production.
