

**BENZOBOT**

The image features a semi-transparent blue overlay. In the center, the word "BENZOBOT" is written in a bold, blue, sans-serif font, enclosed within a dark grey rounded rectangle with a light blue double-line border. To the right of the text is a stylized illustration of a fuel station kiosk. The kiosk is dark grey with a white panel on the right side that has the word "ОГНЕОПАСНО" (Fire Hazard) in green. Below this, the letters "A", "B", and "C" are stacked vertically in white. The background of the entire image is a photograph of a road construction site with a tall metal tower, trees, and a truck in the distance.

Network of automatic filling stations with multi-level partner program for motorists

THE COMPANY HAS ALREADY RECEIVED THE PRIORITY  
RIGHT TO REGISTER THE BENZOBOT

BENZOBOT

# DEVELOPMENTS

The technological scheme of all models of Benzobots is brought to perfection

Online system of accounting for expenses/income of motorists has already been completed

Each Benzobot has full compliance with the regulations for ultra-compact size units

Work on our most long-awaited project is in full swing - the development of the application Benzobot for iOS and Android

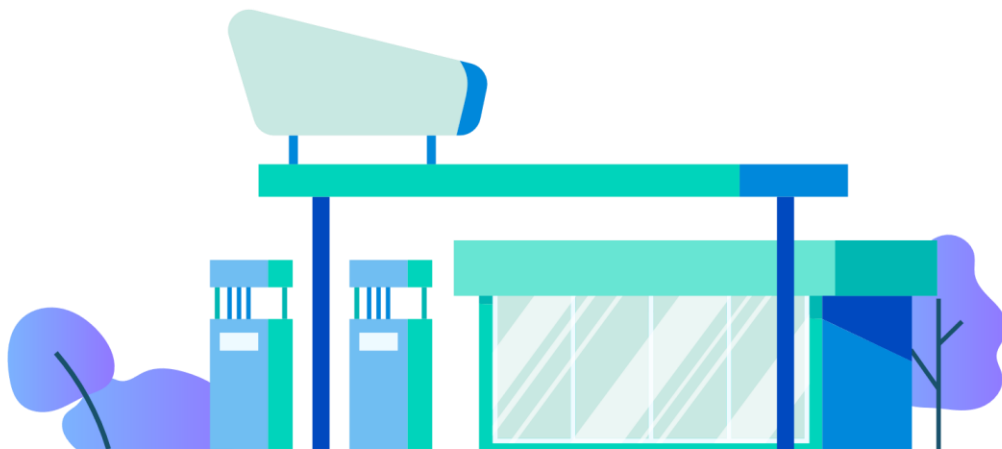

We solved the issue of control of physical and chemical parameters of fuel at the stage of its filling in Benzobots

# ALTERNATIVE TO STATIONARY GAS STATIONS

Gas tanks are the most effective solution in the field of expanding the network of gas stations in Russia, CIS and foreign countries at the present time, and in the future, for more than 20 years.

- **Fuel quality**
- **Honest pouring**
- **Savings for the family budget**
- **Fuel safety for cars**
- **Minimization of emissions of air pollutants**

All these items make up a significant share of the market, according to various sources, amounting to 10-20%, which in absolute terms is 4.1-8.2 million cars in Russia.

# OBJECTIVES AND VISION

Our project is actively developing,  
and in **2020-2021** we are going to install

**300 Benzobots**

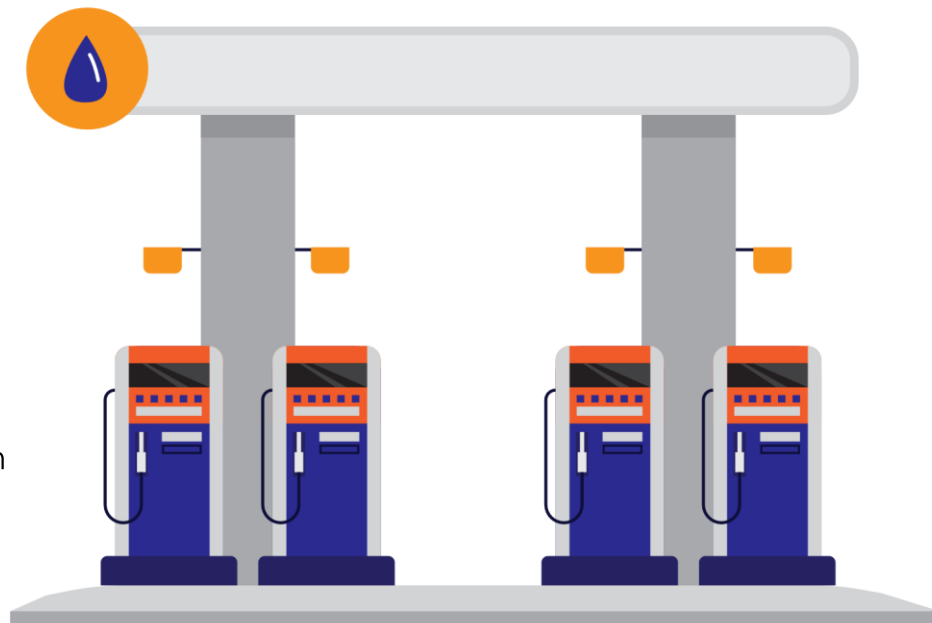

in 31 cities of **Russia**

**100 Benzobots**

in 8 cities of **Kazakhstan**

In the future, we plan to take a leading position  
in the private gas station sector in terms of the  
number of outlets and sales volume.

After all, automated mini-gas stations  
are the future.

BENZOBOT

# FUEL MARKET IN RUSSIA

01

**15,000** gas stations in Russia, **9,000** of them are private and for lack of funds for reconstruction

02

It is happening against the background of the growth of the fleet in the country. **41m** private cars

03

We claim a niche of **8-12%**, that is **3.28 M – 4.92 M** cars, concentrated in cities from 70 thousand to 1.6 million inhabitants.

# OFFER OF UNIQUE VALUE

As well as there will be no need to pay rent for a large gas station and pay salaries to the staff of the filling station

Our product-quality catalyzed fuel, released by the paid volume and accrued bonuses to the personal account of the motorist

We will not be able to deceive motorists on the quality of fuel

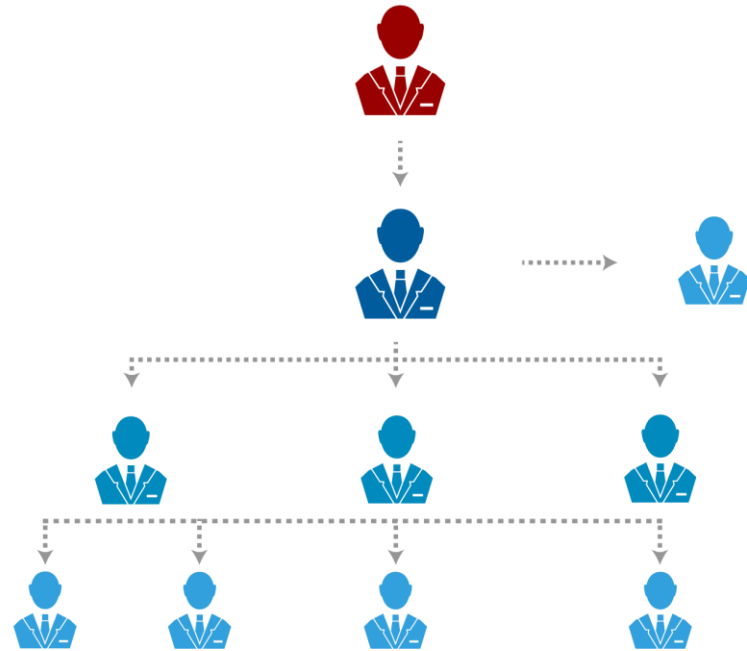

We will not to top it up or inflate prices

We have high-quality product

# MULTILEVEL MARKETING

- The use of direct sales allows us to save on advertising and retail space
- Auctions based on demonstrating the exclusivity of one's product can be more effective than sales through stores that offer a wide range of similar products
- The company can nurture loyal customers who prefer to buy only from people they know
- Companies stimulate sales growth with significant Commission payments to distributors

# PROJECT ECONOMICS

In 2020, we propose to conduct 4 rounds of investment, designed to install 100 Benzobots in Russia for a total of **\$10,656,300**: (\*the currency of the contract, rubles)

Investor's share in Ltd " Park of Benzobots No.1"	<b>75%</b>
Investment (loan) per unit of Benzobot fleet	<b>\$106 563*</b>
Loan repayment	<b>36 months</b>
The first payment	<b>4th month</b>
The last payment	<b>36th month</b>
Number of payments	<b>33 months</b>
The average size of payment	<b>\$3 229*</b>
The amount of payment (1-11 months)	<b>\$1 938*</b>
The amount of payment (12-33 months)	<b>\$3 875*</b>
Annual return on investment	<b>19%</b>
Investor's annual return on investment	<b>\$20 289*</b>

Dividends are distributed quarterly, starting from the quarter of completion of the loan repayment.
