Dear Alexey

Re: Mapped Membership of Russia in IWWF

Your letter dated 13 January 2025 was discussed at the IWWF Bureau Meeting that was held last week.

As you are well aware, the IWWF has tried to accommodate athletes and officials from Russia by allowing them to participate under the IWWF flag. The detailed procedure has been published on the IWWF webpage under <https://iwwf.sport/iwwfs-most-updated-position-on-the-participation-of-athletes-from-russia-and-belarus/> and https://iwwf.sport/wp-content/uploads/2024/02/Participation-of-athletes-from-Russia-and-Belarus-in-IWWF-events_Process.pdf

There have been some complications during a few of the events during 2024 but these were totally out of the IWWF's control.

As nothing has changed in the situation and there has been no new directive from the IOC, the IWWF position remains the same as per the IWWF resolution of 19 February 2024,

We are looking for a speedy resolution to the conflict and a return to a situation where your federation is back in the IWWF family.

Yours faithfully.
