

# GENESIS G90

# GENESIS G90

GENESIS seeks luxury that is not merely aesthetic, but which adds value and meaning to our everyday experiences.

GENESIS makes your first encounters with cutting-edge technologies a pleasant experience by making it hassle-free and user-friendly.

Discover luxury as you work, enjoy, relax and connect with others.

KOREA AUTOMOBILE JOURNALISTS ASSOCIATION  
2022 CAR OF THE YEAR GENESIS G90

# FUTURISTIC LUXURY

As the flagship of the GENESIS brand, GENESIS G90 redefines luxury. It is the ultimate flagship sedan, with futuristic designs and exceptional in-car experiences.

Verbier white (full package)

# DESIGN

## GENESIS G90

GENESIS G90 is the most elegant interpretation of GENESIS' design identity, ATHLETIC ELEGANCE.

The new Crest Grille and sharp two-lined headlamps resemble the brand's emblem.

The sleek parabolic side lines and the strong, well-balanced rear redefine luxury design.

Verbier white (full package)

A Clamshell Hood gives a sleek impression by using a single panel that combines the hood and fenders in order to eliminate panel gaps. Elegant yet voluptuous wheel designs add to the luxurious image of the GENESIS G90.

The MLA (Micro Lens Array) headlamps feature the thinnest two-line design lamps by GENESIS, delivering a high-tech luxury design based on precision technology.

Urban brown/glacier white two-tone (full package including the signature design selection (forged carbon metal G-MATRIX pattern))

Urban brown/glacier white two-tone (signature design selection (forged carbon metal G-MATRIX pattern), full package not including first class VIP seats)

The electronic dial-type Shift-By-Wire renders GENESIS' unique G-MATRIX patterns into real glass, resembling an exquisite piece of jewelry. The elegant seat quilting designs and the forged carbon metal G-MATRIX patterns on the door trims enhance the interior's lounge-like feeling.

\* G-MATRIX pattern: GENESIS' unique pattern inspired by the dazzling diffusion of light in a diamond.

Urban brown/glacier white two-tone (full package including the signature design selection (forged carbon metal G-MATRIX pattern))

# DESIGN

## GENESIS G90 LONG WHEEL BASE

Differentiated designs on the front and rear bumpers add to a luxurious image. The extended rear-seat doors, C-pillar and exclusive 20" wheels are special features available only on the GENESIS G90 LONG WHEEL BASE.

Enjoy the comfort of a lounge in the rear seat area with optimal seat designs and a 4-way power leg rest. This comfortable atmosphere can only be found in a GENESIS G90 LONG WHEEL BASE, which has semi-aniline leather seats and exquisite seat quilting patterns.

# TECHNICAL FEATURES

## CONVENIENCE

State-of-the-art convenience features applied to the driver's seat and the rear seats provide maximum satisfaction. An infotainment system based on digital interfaces increases the pleasure of driving. In addition, the newly-applied mood curator and Virtual Venue create a wide array of interior moods.

**Mood curator \_**  
Creates four different moods (vitality, delight, care, comfort) via integrated control of the vehicle's audio system, fragrance, ambient lights, curtains, and massage function.

CONTENTS OF THE CLUSTER, GPS NAVIGATION AND HEAD-UP DISPLAY ARE SEAMLESSLY CONNECTED TO DELIVER INFORMATION MORE EFFECTIVELY.

**01. GENESIS infotainment system** \_ A next-generation infotainment system—the connected car Integrated Cockpit (cIC)—links the contents of the cluster, GPS navigation and Head-Up Display to deliver information more effectively, while the cluster and GPS navigation are merged into one panoramic display. The 12.3” cluster displays key information necessary for safe driving, such as a map, GPS navigation (normal/augmented reality mode) or advanced driver assistance systems, while the screen on the right splits to show selective driving information, radio, phone and media.

**GENESIS CarPay** \_ This is a payment app that lets you pay for refueling and parking at affiliated businesses with a simple tap on the display screen inside your car. If your fingerprints are registered in the vehicle, you can pay conveniently via fingerprint authentication instead of using a password.

※ The number of affiliated stores continues to grow. Check the latest list via the vehicle's navigation system or on the GENESIS CarPay app.

1	A
2	B
3	C

**12.3” cluster view**

1. Augmented reality navigation view
2. Map view
3. Driver assistance view

**12.3” navigation**

- A. Voice recognition
  - B. Over The Air (OTA) software update
  - C. Music streaming service
- ※ Genie / Melon vouchers and mobile data plans must be purchased separately.

**02. 03. Head-Up Display (HUD)** \_ Shows GPS navigation contents, as well as Advanced Driver Assistance System, phone, voice recognition, and media contents.

**Fingerprint authentication system** \_ Users can select user profiles, make payments via CarPay, disable valet mode and even start the engine via fingerprint authentication.

ADVANCED CONVENIENCE FEATURES PROVIDE NEW USER EXPERIENCES THAT ARE SENSITIVE TO THE EMOTIONAL AND PHYSICAL WELL-BEING OF PASSENGERS.

**01. GENESIS digital key 2 & auto flush door handle** \_ Based on ultra-wideband technology, the digital key 2 allows users to access the vehicle, start the engine and control the vehicle remotely. The auto flush door handles are seamlessly hidden while driving or in a parked state, and pop up and unlock the door when the driver approaches or touches the door with the smart key.

**02. Bang & Olufsen premier 3D sound system (23 speakers) & Virtual Venue** \_ A total of 23 speakers-including headrest/headlining speakers and an electric pop-up tweeter-provide a delicate yet rich sound. Virtual Venue is a virtual 3D surround sound system that recreates the sound field of famous theaters and home theater systems to deliver live, vivid audio.

**03. 04. GENESIS touch controller** \_ This enables users to control the various infotainment features conveniently and intuitively via touch or by writing.

**Touch-type climate control panel** \_ Indoor air conditioning can be controlled more conveniently via a touch-type panel.

**05. UV light-sterilized armrest box** \_ UV-C LED lamps installed inside the storage box of the second row's armrests sterilize personal items (from colon bacillus, staphylococcus aureus, and pneumococcus) up to 99% in 10 minutes.

※ According to company test results submitted to and certified by Intertek, a leading total quality assurance provider. Actual results may vary depending on usage conditions.

**06. Easy close system** \_ After entering the vehicle, drivers no longer have to reach out and pull the door to close it; they can easily close the door by pressing a button on the center console. When exiting the vehicle, passengers just have to push the door lightly while pressing a button on the door trim.

HIGH-TECH SEATS AND INNOVATIVE CONVENIENCE FEATURES PROVIDE CUSTOMIZED COMFORT FOR EVERY PASSENGER.

**01.**  
**ERGO relaxing seat** \_ The 10 air cells on the seatback and two air cells on the cushion provide four massage modes, including a whole body massage. The seats are also linked to vehicle speed, the rear seat's one-step mode, and the mood curator system to ensure optimal seating at all times.

**02.**  
**First class VIP seat** \_ The reclining and sliding functions of the VIP seat-which can be adjusted independently from the other rear seat-are linked, while the reclining function offers ideal tilting options. The connected-type leg rest and foot rest also provide maximum comfort for long drives.

AGR (Aktion Gesunder Rücken e.V., Germany) Certification \_ Campaign for Healthier Backs, or Aktion Gesunder Rücken e.V., bestows its international seal of approval to outstanding back-friendly products, such as car seats, after rigorous evaluation by its panel of orthopedic surgeons on how the seats can be adjusted to prevent discomfort and the impact of seat structures on back posture.

**03. 04.**  
**Electric 2nd-row dual monitors** \_ Rear seat passengers have independent access to 10.2" touch screen monitors, which adjusts the viewing angle according to the seat mode. The screen also shows the route and time left to the destination.

**Integrated switch for one-step exclusive mode** \_ Passengers can control customized settings for the rear seats in one step via an integrated switch.

**05.**  
**8" armrest touch screen (ATS)** \_ Rear seat passengers can control climate control modes, seat positioning, massage modes, curtain settings and lighting via a touch screen monitor on the armrest. The monitor is easy-to-use, with graphics and animations identical to real images of the vehicle.

**06.**  
**Leg rest & foot rest** \_ A connected-type leg rest and foot rest offers ultimate seating comfort. The foot rest has massage features and heating/ventilation functions to help reduce fatigue and provide optimal temperatures for all seasons.

# TECHNICAL FEATURES

## PERFORMANCE

A high-performance engine and 8-speed automatic transmission delivers a powerful yet smooth ride. Multi chamber air suspension, a new suspension technology, combined with Rear Wheel Steering and brake mode, offer a stable and quiet ride under any road condition.

**8-speed automatic transmission / Shift-by-Wire (SBW) \_**

Located at the most convenient place for the driver, the electronic shift-by-wire offers a smooth transition of gears. It also renders GENESIS' unique G-MATRIX patterns into real glass, resembling an exquisite piece of jewelry.

SELECT THE DRIVING MODE OF YOUR CHOICE AND ENJOY A POWERFUL YET SAFE AND QUIET RIDE.

**01.**  
**3.5 turbo gasoline engine** \_ Dynamic driving is achieved with solid power and torque, while the air-to-water intercooler improves fuel economy and responsiveness.

**380** Maximum output PS/5,800rpm  
**54.0** Maximum torque kgf-m/1,300~4,500rpm

**02.**  
**3.5 turbo gasoline engine 48V electric supercharger** \_ An air-to-water intercooler system using an electric supercharger improves the vehicle's low and medium speed performance; its recharging capabilities via regenerative braking; and its responsiveness to torque assist, providing optimal performance.  
 [Exclusive to GENESIS G90 LONG WHEEL BASE]

**415** Maximum output PS/5,800rpm  
**56.0** Maximum torque kgf-m/1,300~4,500rpm

**03.**  
**Drive mode control system** \_ Drivers can switch between Comfort, Eco, Sport, or Custom driving modes according to preferences or driving conditions. From the smooth ride of the comfort mode to the powerful acceleration of the sports mode and to the fuel efficient eco mode, GENESIS G90 is ready to deliver optimal driving for any situation.

**04.**  
**Active Noise Control-Road (ANC-R)** \_ This system cancels road noise that enters the cabin by sending inverted sound waves, reducing road noise and increasing tranquility in the cabin.

**05. 06.**  
**Double-jointed soundproof glass** \_ An acoustic film inserted between two layers of glass prevent high frequency noises (that occur while driving) from entering the cabin.

**10-airbag system** \_ Front seat advanced airbags, driver knee airbags, front seat center side airbag, front and rear seat side airbags and rollover curtain airbags protect all those on board.

STATE-OF-THE-ART DRIVING TECHNOLOGY REACTS ACTIVELY TO ROAD SURFACE CHANGES TO PROVIDE A SMOOTH RIDE.

01

01.

**Multi chamber air suspension** \_ New suspension technology to alter the height of the vehicle and a multi chamber method was applied to achieve a smoother ride and dynamic handling performance. When facing a bump ahead, the air suspension system adjusts the height and damping force. When driving downhill or on rough roads, the system heightens the vehicle to prevent damage to the underbody and secure stability. When driving at high-speeds, it improves safety and stability.

- A. Bump control
- B. Downhill control
- C. Highway control
- D. Rough road control

02

02.

**Rear Wheel Steering (RWS)** \_ Coupled with the front wheel steering, this system actively controls the rear wheel steering angle depending on the driving conditions. During low-speed cornering, the rear wheels are steered in the opposite direction of the front wheels to reduce the steering radius. During mid-or high-speed cornering, the rear wheels are steered in the same direction as the front wheels to reduce body slip.

**AWD system** \_ This function automatically senses slippery or unstable driving conditions that even the driver may not detect and proactively balances power between the front and rear wheels to ensure stability at all times.

03

03.

**Brake mode** \_ Drivers can choose between three brake modes: Comfort mode aims for comfortable and stable braking; Sport mode seeks to deliver quick responsiveness and sporty braking; and the new Chauffeur mode pursues optimal comfort for the rear seat passengers.

# TECHNICAL FEATURES

## INTELLIGENCE

GENESIS G90 is equipped with the latest driver assist systems to increase vehicle reliability and safety, such as advanced autonomous driving technology.

### Hands On Detection (HOD) \_

Electric currents are detected when the driver touches the steering wheel, confirming that the driver is gripping the wheel. Some warnings issued by the advanced driver assistance systems can easily be deactivated by a light touch of the wheel.

ADVANCED DRIVER ASSISTANCE SYSTEMS ENSURE THE SAFETY OF PEOPLE INSIDE AND OUTSIDE THE VEHICLE.

**01.** **Forward Collision-Avoidance Assist (FCA) system** \_ When a collision risk with a vehicle/pedestrian/bicycle ahead is detected, this system warns the driver and, if necessary, helps to control the brake to avoid a collision. When there is a collision risk with vehicles approaching from left/right sides of an intersection, it automatically assists in braking. It also assists in steering if there is a collision risk when changing lanes.

**02.** **Blind-Spot Collision-Avoidance Assist (BCA) system** \_ When the turn signals are operated to change lanes, this system warns the driver if there is a collision risk with a vehicle in the back. If the collision risk increases after the warning, it applies emergency braking. If a possible collision is detected while the vehicle is leaving a parallel-parked position, the system automatically helps to activate the brakes.

**03.** **Blind-Spot View Monitor (BVM) system** \_ When the turn signals are activated, video images of the respective side/rear view of the vehicle appear on the center cluster.

**04.** **Lane Keeping Assist (LKA) system** \_ It warns the driver when the vehicle departs from its lane without the use of turn signals and automatically helps steering to keep the vehicle in its lane.

**Lane Following Assist (LFA) system** \_ This helps assist steering to keep the vehicle centered in its current lane.

**05.** **Navigation-based Smart Cruise Control (NSCC) system** \_ This system automatically slows down the vehicle upon entering a limited speed zone area or a curved section, returning to its previous set speed afterwards. It also reduces the speed when entering/exiting a highway, assisting in safe driving.

**Highway Driving Assist 2 (HDA) system (includes lane changing assist)** \_ While on the highway, this helps the vehicle maintain a safe distance from the vehicle in front and also to stay centered in its lane at a set speed even in curved sections. It also assists in lane changes.

※ ADAS is designed to assist the driver in operating the vehicle; drivers must always stay alert when driving. ※ ADAS may not function smoothly under certain environmental/driving/operating conditions. Please refer to the driver's manual for details.  
 ※ The actual specifications applied may vary depending on the specifications selected.

GENESIS G90'S SAFETY FEATURES WILL PROTECT YOU IN DIFFICULT PARKING OR DRIVING SITUATIONS.

01.

**Remote Smart Parking Assist (RSPA) system (wide angle camera-based & including diagonal parking)** \_ This feature allows the driver to park/exit the vehicle remotely, from outside the vehicle. It supports perpendicular, parallel, and diagonal parking by recognizing parking lines.

02.

**Surround View Monitor (SVM) system** \_ Video images of the area surrounding the vehicle can be viewed to assist in safe parking.

03.

**Safe Exit Assist (SEA) system** \_ When passengers are about to exit a parked vehicle, SEA detects vehicles approaching from the side rear and sends a warning. It also keeps the Electronic Child Safety Lock activated to prevent the doors from opening. In addition, if the risk of a rear side collision is detected, the door is prevented from opening even if the open button is pressed.

04.

**Parking Collision-Avoidance Assist (PCA) system (front/side/rear)** \_ It sounds a warning if there is a collision risk with nearby pedestrians or objects while parking or exiting a parking spot. If the risk continues after the warning, it automatically assists in braking.

05. 06.

**Rear Cross-Traffic Collision-Avoidance Assist (RCCA) system** \_ This alerts the driver if there are vehicles approaching from either side while in reverse. If the risk increases it automatically helps braking.

**Reverse guiding lamps** \_ When in reverse, these lights are angled to illuminate the ground behind the vehicle, notifying nearby pedestrians and other vehicles that the vehicle is reversing.

07.

**Intelligent Front-Lighting System (IFS)** \_ This keeps the high beam lights on constantly, automatically deactivating partially when an oncoming vehicle is detected, to prevent glare for the other driver. The same applies to vehicles in front. This makes driving at night easier as the high beam lights don't have to be adjusted manually.

※ ADAS is designed to assist the driver in operating the vehicle; drivers must always stay alert when driving. ※ ADAS may not function smoothly under certain environmental/driving/operating conditions. Please refer to the driver's manual for details.  
 ※ The actual specifications applied may vary depending on the specifications selected.

### GENUINE PARTS

※ Specifications shown in this catalogue are applied differently to each model and include optional specifications. For detailed specifications per model, please refer to the monthly price list.

# EXTERIOR COLORS

## MATT

## GLOSSY

※ Pearl is minimized in maui black, producing a more natural, black color.  
※ A double clear process is added to GENESIS G90 LONG WHEEL BASE's black exterior color, producing a deeper black color.

# INTERIOR COLORS [STANDARD DESIGN]

Obsidian black monotone (Obsidian black seats/obsidian black upper door trim)

Obsidian black/bordeaux brown two-tone (Bordeaux brown seats/obsidian black upper door trim)

Urban brown/glacier white two-tone (Glacier white seats/urban brown upper door trim)

Galaxy black/modern gray two-tone (Modern gray seats/galaxy black upper door trim)

Velvet burgundy/dune beige two-tone (Dune beige seats/velvet burgundy upper door trim)

# INTERIOR COLORS [SIGNATURE DESIGN SELECTION]

Urban brown/glacier white two-tone (Glacier white seats/urban brown upper door trim)

Obsidian black monotone (Obsidian black seats/obsidian black upper door trim)

Galaxy black/modern gray two-tone (Modern gray seats/galaxy black upper door trim)

Obsidian black/bordeaux brown two-tone (Bordeaux brown seats/obsidian black upper door trim)

Velvet burgundy/dune beige two-tone (Dune beige seats/velvet burgundy upper door trim)

※ Eco-friendly leather using natural dyes is available on the Nappa leather in the signature design selection and the GENESIS G90 LONG WHEEL BASE model's semi aniline leather (natural leather seats available in the standard design).  
 ※ News paper garnish is real wood garnish made by delicately layering recycled news papers and eco-friendly wood. The print of the news paper can be seen subtly between the layers of wood, creating a unique interior mood.  
 ※ The metal G-MATRIX pattern garnish completes GENESIS' identity; the brand's symbolic two lines and G-MATRIX patterns are crafted in metal and are combined with carbon/wood garnish.

## MOBILITY CARE

**Eligibility**  
Services are offered to all new owners of a Genesis vehicle. For subsequent owners, the remaining warranty period and outstanding services will be transferred.

**Warranty Period**  
5 year or 120,000 km : Car body/general components, engine & powertrain key components  
※ Ends when the vehicle either fulfills the term or the mileage of the warranty, whichever comes first.

**Benefits**  
Available for 5 years or 120,000 km  
- Replacement of key consumables: Engine oil set (12 times), air conditioner filters (6 times), front brake pads (1 time), wiper blades (3 times), brake fluid (1 time)  
- Additional service: Home-to-home service (12 times)  
※ Ends when the vehicle either fulfills the term or the mileage of the warranty, whichever comes first.

**How to receive benefits**  
Visit a Bluehands Service Center or request for the benefits while using the Autocare or Airport Service.  
※ For inquiries or reservations, please call the Genesis Customer Center (080-700-6000).  
The Autocare Service center will send a text message to remind customers of the replacement period.

## ALL CARE SERVICES MAP

See Genesis' diverse automobile service programs in one glance. Check out the All Care Services Map

\*The replacement of consumable parts and Home-to-Home services can be requested while receiving the following services.

### Car Life

#### Making your car life more convenient

**Airport Service\***  
For Genesis customers using Gimpo International Airport, this airport-specialized service offers the following: basic inspection, free valet parking, and replacement of consumables (items stated in the Mobility Care benefits). Customers' vehicles will be safely parked in an area reserved for Genesis vehicles until they return from their trips.  
※ For reservations, please call the Honors G Concierge (080-900-6000) at least one week in advance.  
※ Safe, exclusive parking for Genesis vehicles (5,000 won/day, 10,000 won/day starting from the 5th day)

#### Find out more about Genesis' warranty & service products

**Warranty Repair Policy**  
If a defect in the vehicle's material/factory workmanship arises within the warranty period and the vehicle is used under normal use/maintenance, customers can receive free repairs at service networks designated by the company. The naturally-declining charging/discharging capacity of high voltage batteries are excluded from the warranty.  
※ To learn more about your vehicle's warranty period, please visit the Genesis website and the MY GENESIS app.

**Body Care Service**  
If, after purchase, the vehicle's exterior is damaged due to a single-vehicle accident, the company warrants the sheet metal, paint, and replacement of parts.

**Warranty Plus**  
Customers can extend their vehicle's warranty period before the original warranty period/mileage ends. After the vehicle is delivered, customers can apply for the extension at the Genesis Boutique.  
※ To learn more about applying for additional service products, please refer to the QR code above.

#### Complimentary Maintenance Program

**Genesis Basic Care**  
To keep your vehicle in top condition, free inspection is offered 8 times a year.  
※ Limited to Blue Members  
※ First 6 occasions: PE room/undercarriage/general inspection of 15 items, ethanol windshield washer fluid provided,  
7th & 8th occasion: PE room/undercarriage/general inspection of 15 items

**Proactive Auto Care Service\***  
A Blue Hands team member dedicated to the Auto Care Service will visit customers at a time and location of the customers' choice to change the engine oil and to inspect the vehicle.  
※ Make a reservation via the Honors G Concierge (080-900-6000).  
※ Make a reservation via the GENESIS website or the MY GENESIS app.

#### Emergency Situations & Urgent Repairs

**Emergency Roadside Assistance**  
Urgent repair services are available for customers whose vehicles are immobile on the road.  
※ Call the Emergency Support Center (080-900-6000) / operated 24 hours, 365 days

**Home-to-Home Service\***  
The company will pick up your vehicle, repair it, and return it to your location of choice.  
※ Make a reservation via the Genesis Customer Center (080-700-6000). Reservations must be made at least one business day ahead (excluding weekends).

**Preventing Excessive Repairs**  
If an excessive repair is suspected at a Bluehands service center, an inspection will be carried out by a third-party insurance company, and according to their findings, customers will be compensated 100% to as much as 1,000% (maximum limit of 10 million KRW) of the overcharged amount

**Courtesy Cars**  
The company will provide cars to customers whose vehicles are undergoing repairs.

Learn more about membership benefits at Genesis' website or the membership guidebook.

Make a request for Body Care Services

Make a request to extend your warranty

## GENESIS CONNECTED SERVICES

Experience the unique value of Genesis Connected Services. Drive safely and comfortably 24 hours a day, 365 days a year with advanced, connected car services.

**Remote control**  
Check the status and control certain car functions anytime, anywhere using your smartphone.

**Safety & security**  
Emergency assistance in case of accidents and emergencies.

**Maintenance**  
Keep your car safe at all times by upgrading the navigation system wirelessly for free or receive assistance remotely regarding the maintenance and regular servicing of your car.

**Navigation**  
Discover a new driving experience by getting accurate, realtime traffic information and by setting destinations quickly and easily by voice.

**Music streaming**  
Stream music in the car without a mobile phone connection.  
※ Requires a data plan subscription

**Wireless update**  
Quickly updates navigation maps and software automatically wirelessly.

※ Genesis Connected Services Customer Service : 1899-5100

## G90 GENUINE PARTS

Package	Highlights
	<b>Thermoplastic Polyurethane (TPU) Protective Film</b> - A transparent protective film applied to the exterior of the vehicle prevents stone chip damage or scratching of the vehicle's surface. - Scope of application: Front/rear bumper side, rear bumper upper, side mirrors, door edge, door handles, fuel door, door step
<b>Vehicle protection film</b>	
<b>Floating wheel cap &amp; metal pedals</b>	- Wheel caps that keep the vehicle's emblem upright when the vehicle is in motion - Brakes/accelerator pedals with metal covers

※ Warranty for protective automobile TPU is provided by the film's manufacturer. Please refer to the separate warranty provided (warranty period: 3 years/60,000 km).  
 ※ Continuously spraying high pressure water to the edges of paint protection film may cause the film to partially peel off.  
 ※ Application of the protective film is carried out only at the Chilgok and Namyang delivery centers, so vehicles consisting of the above package can only be released at these two delivery centers.
